Forecast For West Midlands
Issued by Met Office Exeter
at 0400 on Friday 29 Jan 2021

++ Valid for broadcast between 0600 and 1800

Headline:
Widespread rain arriving overnight.

Today:
A wet start in the south, with sunny spells and a few showers elsewhere. The afternoon will see scattered outbreaks of patchy rain but most areas will remain dry. Maximum temperature 10 deg C (50 deg F).

Tonight:
A dry evening for many but outbreaks of patchy rain are still possible. A large area of rain will arrive after midnight, heavy at times and possibly falling as snow. Minimum temperature 1 deg C (34 deg F).

Saturday:
A cold, wet, and windy start as rain continues during the morning, possibly falling as snow in places. A cold and icy night follows with easing winds. Maximum temperature 4 deg C (39 deg F).

Outlook for Sunday to Tuesday:
Sunday and Monday will be largely dry and cold with possible frost, and a chance of snow during Sunday evening. Milder on Tuesday with outbreaks of rain.
